The clerk updated the meeting on the background of the MUGA project and confirmed that 3 councillors had written to the clerk asking for the decision made under item 7C of the December 2024 meeting be reopened to allow for further discussion about the siting of the MUGA on the playing field. The clerk advised that the new site would cost an additional £2700+VAT for the extra temporary road, Cllr Robinson advised the council that he had also received an estimate for providing this which was higher. After discussion the council unanimously agreed to site the MUGA as originally proposed with the amendment of moving it 10m from the Eastern fence rather than the original 4m. Clerk advised that he didn't expect any additional cost but will confirm with Calloo. Clerk further advised that from advice received there shouldn't be any planning permission required but that there would be a charge from KLWNBC planning dept to confirm, Clerk to provide Cllr Sandell with the appropriate information for her to check re planning permission.

Council further agreed for any soil removed during the installation to be placed 2 to 3m away from the MUGA in a line starting from the north western edge of the netted part of the MUGA and heading south away from the gate and then around the southern edge of the MUGA, maintaining the 2 to 3m clearance to allow clearance for the grass cutters.
